

## **ANNUAL HISTORY REPORT 1999-2000 ACADEMIC YEAR**

---

### **AMC**

The Associate Member Counselor program has become more geared toward a "membership education," incorporating the membership into AM classes. This allows for more involvement in classes, as well as shared knowledge and experiences. Along with AM classes, a list of bond numbers have been compiled for better organizational purposes.

### **ATHLETIC**

The fraternity has been involved in such sporting events including: basketball (R), soccer (A&R), softball (R), volleyball (A&R). The goal behind playing each sport is mainly to have fun, as well as to relax from stressful school days.

### **EXECUTIVE BOARD**

Blah, blah, blah, yackity shmackity.

### **HOUSING**

A significant achievement done by Housing was the extensive crib system prepared for the chapter room in collaboration with the Scholarship Committee. House clean-ups have taken place at least twice a term to vacuum, paint, as well as rake/shovel/sweep/ etc. depending on the weather or situation.

### **KEY**

The Keep Educating Yourself program has been implemented and has brought a positive influence on members. Members get together and try to improve themselves by being better students, brothers, and gentlemen.

### **PHILANTHROPY**

One of the biggest events we have sponsored would be can drive with the Alpha Sigma Alpha sorority. Other events include the following: bingo, Habitat For Humanity, Flint West Village community clean up.

### **PUBLIC RELATIONS**

Red-letter days and GQ days are still in full effect. Events have been advertised throughout the campus using Channel 10, as well as in the computer labs when getting onto the Internet. A significant amount of effort has been put into the web page to display what our fraternity is about to everyone.

### **RUSH**

IFC mandated that rush in general be moved to the second term (spring term) for each academic year. The first week of school in the spring term is all rush. AM classes, as well as AMC are also incorporated into the spring terms schedule.

### **SCHOLARSHIP**

Crib system was created in collaboration with Housing committee. With the new crib system in place, cribs are easily sorted by class, and even by professor. Along with the new crib system, the chapter's WAG improved 1.5% from last year. This WAG improvement ultimately brought our chapter to third place among fraternities with the best WAG.

### **SOCIAL**

Our chapter has become social with many sororities on as well as off campus. We've gone roller-skating with Alpha Gamma Delta, bowling with Beta Sigma Phi, barbecuing/volleyball with Alpha Sigma Alpha. U of M Flint sororities include Phi Sigma Sigma, and Alpha Theta Chi. The Phi Sig's joined us for a can drive, and we went to the movies with Alpha Theta Chi.
